A. Overview of Information Collection

Title of Information Collection: Evaluation of Public Housing Agencies (PHA) Coronavirus Aid, Relief, and Economic Security (CARES) Act Waivers: PHA Interviews Data Collection.

OMB Approval Number: 2528-New.

Type of Request: New collection.

Description of the need for the information and proposed use: The purpose of this proposed information collection is to conduct semi-structured interviews with PHA staff and stakeholders to understand why and how PHAs utilized waivers offered by the CARES Act, and how these waivers impacted PHA operations and assisted households.

In early 2020, Congress passed and the President signed the CARES Act. The landmark statute was a response to the COVID-19 pandemic and contained many provisions related to mitigating its worst effects. Included were provisions that gave the U.S. Department of Housing and Urban Development (HUD) statutory and regulatory waiver authority to help programs adapt and operate in the changing circumstances and to encourage the continuity of critical PHA operations in order to support PHA residents and tenants.

The Evaluation of Public Housing Agencies Coronavirus Aid, Relief, and Economic Security Act (CARES) Waivers is a mixed-method and multi-phase study to understand how PHAs

implemented the CARES Act waivers and the utility of these waivers on general operations and assisted households. The insights from this study will also help inform future policy and program implications related to the waivers offered by the CARES Act.

2M will conduct semi-structured interviews with PHA stakeholders from a purposive sample of 50 PHAs. This includes interviews with three interview respondent groups (PHA leadership, PHA operations staff, and members of Resident Advisory Boards) from 45 PHAs that adopted waivers offered by the CARES Act (a total of 135 interviews with 135 respondents), and one group interview with PHA leadership and operations staff from five PHAs that did not adopt any waivers offered by the CARES Act (a total of 5 interviews with 10 respondents). Collectively, 2M plans to conduct a total of 140 interviews across 145 respondents. This data collection effort is expected to last five months.

Respondents: At PHAs that adopted a waiver: PHA leadership, PHA operations staff (such as outreach staff or other relevant staff with knowledge about the impact of the CARES Act waivers), and members of Resident Advisory Boards. At PHAs that did not adopt a waiver: PHA leadership and PHA operations staff.

Information Collection Form Number: N/A.
